Conference Speakers & Chairmen

ERIC REID – CONFERENCE CHAIRMAN

Eric has been actively involved in the poultry industry in a career over 50 years. He has risen to the top of his profession within Moy Park as well as a representative of the industry and has had an influential role in developing the supply chain. Eric formally retired from Moy Park in 2010, but continues to support the Moy Park as a Senior Advisor for key strategic projects. His current business interests include retailing, a restaurant and beef farming. Eric has appreciated the steadfast support of his wife throughout his career, as well as his two children who work in the family business.

David Brown President Ulster Farmers' Union **MORNING SESSION**

CHAIRMAN

David Brown is a suckler beef and sheep farmer from Florencecourt, County Fermanagh. A past chair of Fermanagh Grassland Club, David remains passionate about grassland management. Within the UFU David previously represented the south west group on the beef and lamb committee. During two years as County Chairman David represented farmer's concerns throughout the extreme flooding of 2015/16 and the subsequent Rivers Agency review. Co opted on to the UFU Management Board in 2016. Appointed to represent the red meat sector on the CAFRE College Advisory Group in 2017, David was elected as UFU deputy president in 2018 and UFU president in April, 2022.

NIGEL SWEETNAM IFA Chairman – AFTERNOON SESSION

CHAIRMAN

A broiler farmer from Kinsale Co cork also running a large dairy herd with a long history in the biomass industry having the first licence in Europe to combust Poultry litter currently chairman of IFA Poultry committee and committed to improving the incomes and conditions for all Poultry farmers”.

KIERON DANILES

Kieron Daniels joined Aviagen in January 2021 as Broiler Technical Services Manager. Kieron attended Aberystwyth University where he studied for a BSc (Hons) Animal Science and graduated in 2011. Before joining Aviagen, Kieron undertook a variety of roles including being a Lecturer, Educational Farm Manager, Broiler Farm Manager, and Poultry Performance Specialist. Kieron's role includes providing technical support to help improve performance across the UK, Ireland and Scandinavia, and is frequently travelling as a result. Kieron enjoys being active and has a number of hobbies to help with that such as Beekeeping, growing his own food and paddle boarding

Thomas Dixon **Product Management** **Hy-Line International**

Thomas Dixon oversees Global Product Management for Hy-Line International. In this role, Thomas leads the effort working with the Research, Sales and Technical teams to provide and promote the best layer genetics to each worldwide market. His previous responsibilities have included worldwide sales efforts with many years of emphasis serving Hy-Line's Latin America markets. Today, he leads the global product management efforts as the liaison between Hy-Line International's global customer base and the research, production, and technical service departments to help guide the current and future development of Hy-Line's layer varieties. Recently, Thomas managed Latin America sales since 2020 but prior had been the Global Sales and Marketing Director for Hy-Line International, holding this role since 2009. He joined Hy-Line International in 1994 as International Sales Coordinator before assuming the role of Regional Business Manager to Latin America in 1997. Thomas has a degree in Business Administration with an emphasis in Finance from Iowa State University with Spanish and Economics minors.

JASON WINSTANLEY After a biology degree at the University of Sheffield, Jason Winstanley joined Northern Foods as a graduate trainee, working in a variety of operational roles and different businesses over a 10 year period. He then moved to Kepak Convenience Foods, initially helping to commission a new factory, before moving into roles with business intelligence projects and supply chain. For the last 15 years, he has specialised in consumer, shopper and market insight, joining Moy Park, where he is currently Head of Research and Insight, in 2010. In his current role, Jason and his team generate a wealth of insight to help support both the short-term and strategic direction of the business in a wide range of areas. In 2020, he published his first (and so far, only!) novel, Besieged

Elizabeth Magowan (Election as BSAS President)

Prof Elizabeth Magowan is the Director of Sustainable Agri-Food Sciences Division in the Agri-Food and Biosciences Institute, Northern Ireland. Elizabeth completed a PhD in dairy nutrition from Queen's University Belfast (with DARD Science Service and ARINI) in 2004 and joined AFBI as a pig research scientist in 2003, where she was responsible for developing the AFBI pig research programme until April 2017. Elizabeth's main focus of research was on optimising pig production performance through management and nutritional strategies, while reducing environmental impact. Elizabeth then took up the post of Director of Sustainable Agri-Food Sciences Division in May 2017. Elizabeth has worked extensively on industry/academic studies and presented her work across the UK and at international conferences, as well as publications in journals. In 2017, she was awarded BSAS's Sir John Hammond Award, in recognition of her scientific work in collaboration with industry. In 2022 Queens University Belfast awarded Elizabeth an Honorary Professorship in recognition of her scientific work, especially aligned with developing the AFBI/QUB strategic alliance. Some achievements during Elizabeth's career include being the scientific Co-Ordinator of a large EU FP7 project ECO-FCE, being elected to the presidential team of BSAS; being a Director of UK Centre of Excellence for Livestock (CIEL) in its formative months and leading consortia formed of academics across the UK on two influential publications, funded by CIEL, aligned with Livestock and it's net zero position.

Name: Professor Ian Brown OBE

Current position: Director of Scientific Services

Organisation: Animal and Plant Health Agency

Professor Ian Brown is Director of Scientific Services at APHA where he leads the agency science programme and has over 1000 scientific staff working under his leadership. He is also currently Director of WOA/FAO International Reference Laboratories for Avian Influenza, Newcastle Disease and Swine Influenza. Ian is the UK national expert on Avian & Swine Influenza, and Newcastle Disease and a designated WOA expert for the three diseases and has led the UK science response for AI outbreaks since 2007 to date.. He is currently chairperson of OFFLU. Ian holds a visiting Professorship position in Avian Virology at the University of Nottingham and Honorary Professorship in Pathobiology and Population Sciences with Royal Veterinary College, London. He was awarded an OBE in the 2020 New Year's Honours list for services to animal health and welfare.
